Action Taken Report

Academic Year: 2017-18

The institute follows continuous review system of the curriculum from various stakeholders and irrespective of various suggestions it is communicated to the Board of Studies, KBC North Maharashtra University, Jalgaon for appropriate consideration at the time of syllabus design and revision for forthcoming curriculum.

Similarly as per feedback received from various stakeholders including all programs, institute would like to take following action plan to enrich the curriculum.

Sr. No.	Stakeholder	Feedback Suggestions	Action Taken
1	Students	More expert lectures should be arranged.	Planned to arrange more expert lectures across various programs.
		Syllabus should include practical based projects.	Industrial projects, field projects are to be encouraged.
2	Teachers	Internship must be encouraged.	More students are to be motivated for internships during vacations.
		Increase hands-on hours or workshops wherever needed.	Workshops on AutoCAD 360, CNC, PLC, Design in IoT, BIM etc are planned.
3	Parents	Course content must satisfy industrial needs.	Domain specialization courses are planned.
		More placement opportunities should be given.	More campus drives are planned.
4	Employers	Updates on current technologies	Innovative knowledge sharing with students from experts.
		More field exposure should be provided to the students during academics.	More field projects and internships encouraged.
5	Alumni	Focus on aptitude and reasoning skills for campus placement.	Value added programs like Grooming and personality development, Aptitude training etc.
		Start up sessions to be arranged.	More start-up sessions are planned.
